

All students enrolled through Ai Group Training Services will be allocated to a trainer who will support them through the training program.

In the event that required support extends beyond Ai Group Training Services capabilities, then we will source / give referral information for relevant organisation/s that supply required support services for:

- Disability support
- Language, Literacy and Numeracy assistance
- Counselling services (in consultation with yourself and your employer, if required)
- Indigenous support

To take advantage of these services please contact our friendly staff by telephoning 1300 134 756 or email [rto.admin@aigroup.com.au](mailto:rto.admin@aigroup.com.au) and we will outline the process for getting assistance.
